

AWS SPECIALIST

Drive success with AWS Cloud by partnering with a specialist who can help you on your way to increased productivity and business growth

SUPPORTING YOUR AWS JOURNEY

With both the world and the workplace constantly changing and evolving to meet the needs of today's professionals, you need a partner who can support you to keep pace. Especially when it comes to AWS Cloud solutions.

Whether you are looking for compute power, database storage, content delivery, or other functionality, AWS has the services to help you build sophisticated applications with increased flexibility, scalability, and reliability. As an AWS partner, we are uniquely positioned to help businesses take full advantage of all that AWS has to offer and accelerate the cloud journey.

AWS EXPERTISE TO HELP YOU THRIVE AND GROW YOUR BUSINESS

We work with AWS to deliver cloud services to complex enterprises. We're an AWS Premier Consulting Partner, MSP (Managed Service Provider) Partner and Public Sector Partner. We also hold several official competencies including DevOps, Government and Data & Analytics. In 2018, we were awarded Well Architected Review Partner status and Amazon Connect Go-To Consulting Partner status.

Our expertise in AWS infrastructure and systems integration, combined with deep expertise in the public sector with our team of security cleared DevOps consultants and architects ensures that we deliver cost efficient, secure solutions quickly. We work with you to help drive innovation and efficiencies through rapid project delivery and significant cost reductions for engagements of any scale.

We deliver high quality, bespoke AWS solutions, providing skills and services across the breadth of the AWS platform. Our designs are optimised for secure government workloads, built upon years of AWS expertise, best practice, and a track record of delivering secure and robust cloud solutions for the
